THE **JONSSON** WAY

Our story of purpose has seen us evolve into a revolutionary workwear business, supplying quality, strong and durable garments to local and international markets. We want to empower all workers to perform to the best of their ability every day. We believe in excellent service and products of the highest quality; manufacturing and distributing garments ourselves. This ensures we maintain excellent quality, hold sufficient stock and offer short lead times.

Our manufacturing infrastructure in Lesotho produces over 30 000 garments a day. These garments are distributed through our state of the art Distribution Centre based in Johannesburg. Our DC has the capacity to move 20 million pieces annually. Collaborating with and supporting our customers is how we show our commitment to growing their brand along with ours. We give them extensive product training and support through the **Jonsson Workwear** Academy. We are available throughout southern Africa, and in over 22 other countries. Although we're growing rapidly, our journey has just begun.

OUR SALES **CHANNELS**

DEPOTS ZONES STOCKISTS DISTRIBUTORS

Our workwear is made available to our wearers through carefully selected **distributors** across Africa. Whatever your needs may be, we offer a complete solution to any workforce through our wide range of products. Our products are readily available to purchase at our **Jonsson Workwear Depots**, **Jonsson Workwear Zones** and **Jonsson Workwear Stockists** across southern Africa.

The **Jonsson Workwear Depots** are iconic large retail stores that offer the ultimate gateway into the **Jonsson Workwear** world. These stores supply the full **Jonsson** range as well as a wide array of PPE for different industries. Every store has friendly, knowledgeable advisors and its own embroidery and reflective tape application facility. There is also an option to buy online at www.workweardepot.co.za

The **Jonsson Workwear Zones** are based on the concept of a “store within a store”. These Zones are dedicated **Jonsson** retail spaces, stocking selected products but offering consumers access to the full range.

Jonsson Workwear Stockists carry a range of industry specific products.

We aim to make workwear accessible to all workers. Visit our stores and experience them for yourself.

OUR SALES **CHANNELS**

CORPORATE WORKWEAR SOLUTIONS

We are privileged to be able to provide workwear solutions to some of the most iconic companies in southern Africa.
Our offering includes corporate uniforms, as well as custom made solutions specific to customers' needs.

Building strong relationships with our corporate customers ensures that we can provide the perfect workwear solution, to suit individual working environments. We provide a one stop service which includes conceptualising, designing and manufacturing.

We pack the garments individually and distribute them to each business.

Our dedicated Customer Advisors offer strong support and efficient service throughout the process.

OUR ICONIC **BRAND**

We support other iconic brands that share our vision and values of integrity, hard work, peak performance and a pioneering spirit.
We are proud of the relationships built over time with our influential and successful sponsorships.

Some of the brands we sponsor are **The Golden Lions, Highlands Park Football Club, Dusi Canoe Marathon, Soweto Marathon, Gold Circle** and **Plaas Media**. We also proudly own the naming rights to **Jonsson Kings Park Stadium**.

PEOPLE WITH **PURPOSE**

We invest our time and effort in supporting people who live and work with purpose to create a better life for themselves and their communities. Our vision and values guide us in conducting fair and ethical business practises, looking after the communities we operate in, and protecting the environment. We support education, gender and environmental initiatives to cultivate talented future leaders, a thriving planet and a better life through the **Jonsson Foundation**.

THE JONSSON FIT

Our garments are purpose-made and specifically built for the people wearing them, therefore allowing for ideal fit and comfort.

PEN DIVISION

This functional feature found on some Shirts and Work Jackets is designed to fit a pen or carpenter's pencil securely. This feature is either stitched or bar tacked on the left of the chest pocket.

POSTING

This is a lapped seam which means that the raw edges of both sides of fabric are completely enclosed thus limiting any chance of fraying. The triple needle stitching holding this adds additional stability and strength to the seam.

REFLECTIVE TAPE

JW REFLECT is Jonsson Workwear's exclusive reflective tape. Lightweight, flexible and made from microscopic glass beads that reflect the light back to the original source to ensure that your visibility is improved during low light conditions.

BIOBLAST TECHNOLOGY

A textile finish process that blasts away loose fibres and dead cotton from the fabric without affecting colour or strength. This means that your garment remains newer for longer after washing and wearing.

WOMEN'S FIT

We have designed a range of Women's workwear offering a flattering feminine fit.

BAR TACKS

A bar tack is a small section of reinforced stitching on any stress point, which makes the garment stronger and more durable.

THE JONSSON DIFFERENCE

It is our obsession with quality, our innovative mindset and the attention that we pay to every detail that enables us to create our diverse range of strong and durable workwear products.

ADJUSTABLE CUFFS

This handy double-button feature allows the sleeve cuff to be adjusted, either tighter or looser depending on the wearer's requirements

SAFETY POCKET

A concealed inner pocket is a practical and secure pocket on the inside of the garment, that can be used to stowaway valuables.

ZIP GUARD

This is a facing behind a zip to provide protection to the wearer and prevent any contact with the zip teeth against the skin or under garments.

TOGGLE SAFETY CORD

A toggle is attached to the side seam using **Petersham** tape, to prevent the cord from snagging.

HEAT SEALING

This is a PU tape applied to a seam to avoid water penetration through any perforation caused by the needle whilst closing the seam.

CROSS-STITCHED BUTTON ATTACHMENT

All our buttons are secured and reinforced by a cross-stitched sewing method.

WASHES

Various industrial washes are done on some of our jeans and heavy cottons, ensuring that our garments are pre-shrunk for a better fit, have a comfortable feel and a worn-in look.

SELF-FABRIC POCKET BAG

Our generous pocket bags are made from self - fabric which ensures extra strength where items are stored.

HALF ELASTICISED WAISTBAND

This design feature allows workers to move freely in any working environment and alleviates the need to wear a belt.

PRESS STUD CLOSURE

A press stud closure is a pair of interlocking discs that are used to fasten garments securely.

QUALITY PLEDGE

We are fully committed to making workwear of the highest quality and durability so that wearers are protected in the workplace, and empowered to perform at their best.

As the manufacturers of our own garments, we control and take responsibility for our quality, stock levels and lead times.

RAINPROOF

Our **Wet Weather Gear** is made from specialised rainproof fabric. Heat Seal tape is applied to the sewn seams to prevent water from leaking through the seams of the garments, ensuring protection from the elements.

FLAME RETARDANT (W7)

The premium, flame retardant fabric finish used on selected garments, provides the first line of defense against electric arc and flash fire exposure. The treatment will result in the fabric self-extinguishing when the flame source is removed.

ACID RESISTANT

Our Acid Resistant garments are chemically treated to repel acid splashes, oil and water, and will not be destroyed by most chemicals.

VENTED

Our vented garments have vents under the arms and along the back yoke to assist in moderating body temperature in warm environments.

DAY / NIGHT VISIBILITY

We understand that the visibility of workers is essential in numerous working environments. The fluorescent fabric and reflective tape that we use on our High Visibility garments ensure that workers are visible in high-risk work environments.

DAY VISIBILITY

Our HighViz range uses fluorescent fabrics which are thoroughly tested to ensure workers stay visible and protected during the day.

NIGHT/ LOW LIGHT VISIBILITY

Our highly advanced, **JW REFLECT** quality reflective tape is used on our High Visibility garments, ensuring that workers are seen during low light conditions when illuminated by a light source.

ULTRAVIOLET PROTECTED

Ultraviolet Protection Factor (UPF) indicates the level of the sun's UV radiation absorbed by the fabric. All **Jonsson Workwear** garments displaying this icon are rated UPF 50+ for your ultimate protection against the harsh effects of the sun, significantly reducing your skins exposure to UV radiation.

QUICK REFERENCE **FEATURES**

ACID/FLAME (W8)

Our Acid Resistant and Flame Retardant garments have been chemically treated to offer thermal protection as well as repel acid splashes, oil and water.

STRETCH

STRETCH ACTION FIT

Our stretch garments consist of 3% spandex, for ease of movement and flexibility throughout the work day.

AQUAGUARD®

AQUAGUARD ZIP

The **AquaGuard** zip is water repellent with a polyurethane laminated tape to ensure the wearer stays dry.

TRIPLE STITCH GUARANTEE

We triple stitch the stress seams on selected garments, allowing for ultimate endurance and durability in the workplace.

MOISTURE MANAGEMENT

A moisture management finish is a premium finish on fabrics which wicks away moisture from the body through the fabric, keeping the wearer dry and comfortable.

STEEL TOE CAP

Our safety footwear has a protective toe cap which protects the foot from falling objects or compression and is an essential in many industries.

100% COTTON

Cotton is a natural fibre, ensuring that the wearer is comfortable, cool and dry throughout the day. Our 100% cotton garments are strong and durable.

Icons are used as a simple, illustrative guide to the components within our workwear range.

These icons provide you with the key benefits for each product, and are used to represent various qualities unique to the product.

DRY CLEANING

 Dry Clean

 Do Not Dry Clean

Your **Jonsson** garments are designed to withstand the elements in many different environments, however they will last longer if they're well taken care of. We encourage you to follow the wash care on each garment label. Generally, we recommend that you wash your garments in cold water and hang them inside out to prevent fading. Cotton is made to fade, so the best way to hang 100% cotton garments, is out of direct sunlight. It is preferable to not tumble dry your garments as this may cause shrinkage and fading. Remember to wash dark and light colours separately to avoid the colours mixing.

PRODUCT GUIDE

**WORK
JACKETS &
TROUSERS**

HIGH PERFORMANCE

C77SERIES

WORK JACKET AND TROUSERS

The **C77 Series** is unrivalled high performance workwear, created for hard working people everywhere. We're inspired by the people who have played an integral role in forming the backbone of our economy through their contribution across all industries. The **C77 Series** high performance work jacket and trousers are made from **VERSATEX®**, our special polycotton twill that is super durable, comfortable and holds its colour longer.

HIGH PERFORMANCE
C77SERIES
WORK JACKET

The work jacket has a total of 5 pockets, 4 large pockets in the front and a concealed inner chest pocket, bringing overall pocket space to an unmatched 1334cm². It also features side slits for ease of movement, and a longer zip for a more comfortable fit.

HIGH VIZ

REFLECT AND PROTECT

JW REFLECT™ 0712**FIRST QUALITY REFLECTIVE TAPE**

JW REFLECT 0712 is made with a polycotton backing, this tape offers durability and increased visibility and exceeds all the legal requirements.

**JW REFLECT™ 0905****FLAME RETARDANT REFLECTIVE TAPE**

JW REFLECT 0905 is a fire retardant reflective material that meets the requirement for heat resistance therefore making it ideal for use on flame retardant garments to enhance visibility in low light conditions.

**JW REFLECT™ 1204****REFLECTIVE TWO TONE TAPE**

JW REFLECT 1204 is a twin trim tape consisting of a combination of two separate materials: a substrate layer of 50mm wide woven 100% Polyester Fluorescent webbing with PU Coating on reverse and a reflective layer of 18mm wide **JW REFLECT 2907** reflective tape.

**JW REFLECT™ 2907****SUPERIOR PERFORMANCE REFLECTIVE TAPE**

JW REFLECT 2907 is a premium reflective material. It is specifically constructed to look brighter and offers the highest levels of reflectivity and performance.

At **Jonsson Workwear**, we are pioneering the high visibility industry in Africa by using a range of **JW REFLECT** reflective tapes on our high visibility garments.

THE LEGENDARY SAFARI JACKET

Has been made from a hard-wearing heavy weight cotton twill that has been given a special wash to soften and age it. This gives it a worn, relaxed look.

Developed with all the rigours of hard work in mind, it features 11 functional pockets, elbow patches, durable brass stud closures, a tough double puller zip and a concealed hood.

Legendary and authentic, this jacket feels like an old and trusted companion.

TECHNICAL

ACID RESISTANT AND FLAME RETARDANT WORKWEAR

Our acid resistant and flame retardant garments have been chemically treated to offer thermal protection as well as repel acid splashes, oil and water:

These garments are suitable for industries in which acid resistant or flame retardant garments should be worn, but is often used in environments where employees need to move between departments that require either of the treated garments.

This fabric is tested according to internationally used test methods, including the German Din Test, and meets the **SABS 1423 PART 1-1987** for performance requirements for textile fabrics of low flammability. This fabric is SABS Approved.

SABS APPROVED ACID RESISTANT AND FLAME RETARDANT WORK JACKET/ SASCONJKT

FABRIC: 100% Cotton D59 W8 Finish

WEIGHT: 270 gm²

SIZES: 82 87 92 97 102 107 112 117
122 127 132 137

COLOURS: Navy

Constructed from SABS approved fabric / All style features and fabric construction are to SABS specification / Chemical finish to resist heat and sparks and repel acid splashes, oil and water / 50mm **JW REFLECT 0905** flame retardant reflective tape on arms for increased visibility / Zip guard to prevent heat transfer from brass zip / Elasticised sleeve cuffs / Triple needle stitching on all seams for extra strength / Side slits for ease of movement / Bar tacks on all stress points

SABS APPROVED ACID RESISTANT AND FLAME RETARDANT WORK TROUSERS/SASCONTRS

FABRIC: 100% Cotton D59 W8 Finish

WEIGHT: 270 gm²

SIZES: 82 87 92 97 102 107 112 117 122 127

COLOURS: Navy

Constructed from SABS approved fabric / All style features and fabric construction are to SABS specification / Chemical finish to resist heat and sparks and repel acid splashes, oil and water / 50mm **JW REFLECT 0905** flame retardant reflective tape on legs for increased visibility / Half elasticised waistband for comfort / Triple needle stitching on all seams for extra strength / Ruler pocket / Bar tacks on stress points

FLAME RETARDANT WORKWEAR

Our flame retardant garments have been chemically treated to offer thermal protection in environments that experience momentary electric arcs, flash fires or molten metal splash exposures.

This 100% cotton fabric is chemically treated to resist heat and sparks by self-extinguishing once the source of the ignition has been removed, ensuring little, if any, burn damage.

These environments include:

- Electrical Maintenance
- Oil and Gas Explorations
- Steel and Petrochemical Interaction

The **Jonsson Workwear** flame retardant fabric meets the requirements of the **SABS 1423 part 1-1987** test for performance requirements for textile fabrics of low flammability. This fabric is therefore, **SABS** approved.

FLAME RETARDANT REFLECTIVE WORK JACKET /CJ77JT

FABRIC: 100% Cotton D59

WEIGHT: 270 gm²

SIZES: 32 34 36 38 40 42 44 46 48 50

HOSPITALITY

Our Luxury Chef jacket is made from 100% Lightweight Cotton which not only helps keep you cool in a heated kitchen but is also extremely comfortable and allows for breathability. The jacket utilises mesh vent technology with 100% cotton mesh under the arms and a full mesh vent in the back of the garment allowing for air flow and ventilation.

This elegant double breasted jacket has an angular styled button down front and a subtle self-colour **Jonsson** embroidery on the conveniently placed sleeve thermometer pocket. Available in both a men's and ladies fit we have ensured comfort and ease of movement for all body shapes keeping you looking professional at all times.

GUMBOOT CARE

Foot hygiene is of particular importance when wearing gumboots. This is because sweat cannot be absorbed by PVC and when heat and sweat combine, germs and bacteria form rapidly.

ROUTINE CARE:

THE INTERIOR

The polyester inner sock lining of the Jonsson Workwear Gumboot allows for easy cleaning and quick drying. A mild disinfectant can be used in the interior of the gumboot, but it must be rinsed thoroughly and left to dry. The innersole may be taken out, and once loose dirt is removed, it can be washed with mild soap and water and left out to dry.

THE EXTERIOR

The outside of the gumboot can be washed with mild soap and water. Chemicals and solvents should never be used, as these will cause the gumboot to become brittle and crack.

THE TREAD

To remove soil build up in the tread pattern of the sole, use mild soap, water and a scrubbing brush.

IMPORTANT!

NEVER use heat to accelerate the drying process.

MEN'S CHEST

A

Standing naturally, measure around the fullest part of the chest, keeping tape under arms and around shoulder blades.

MEN'S WAIST

B

Measure around the waist, keeping one finger between the tape and body. Measure over the shirt (not trousers) at the position you would normally wear your trousers.

Our garments are made for a generous fit.

We have specifically tailored our women's clothing to be both functional and feminine.

Please use the sizing chart to work out your correct size when choosing your garments.

PLEASE NOTE: The size grid shows the actual body measurements, and not the garment measurements.
